St. Joseph Exposition.-This week closes our County Fair, and next Monday the great Exposition at St. Joseph opens, which will be largely contributed to by four States, and will undoubtedly be the grandest affair of the season. The buildings of the Exposition, acknowledged to surpose in size any buildings in the West, and in completeness of architecture, design. Imposing appearance, and beauty of workmunship, any Exposition buildings of the country, are in readiness for the reception of goods. The entries are in the West, and will be tried by the fastest horses in the country. Everything will be in readiness for the Grand Opening, September 29th. In addition to the liberal regular premiums, a large number of special premiums are offered. Low rates of fare have been arranged with the railroads, and the Exposition will afford all an opportunity to spend a couple of days pleasantly and profitably.

C. A. STUART, Agent. LP The proceedings of the Colored Farmers' Club of land are rather late to be of interest. We will state that the colored Farmers in the vicinity of Highland organ ised a Club on the 13th inst., adopted a Constitution and By-Laws, and chose Allen Jones President; Thomas Mil-

ler Vice-President; Bird Gee Secretary; Joseph Miller Treasurer; and Henry Hubanks, Sidney McWilliams and Patrick McWilliams Executive Committee. The Club numbers 27 members. On the 19th inst., it elected the following delegates to the County Convention: Bird Goe. Henry Hubanks, and Sidney McWilliams.

THE FARMERS' PICSIC.-The Farmers' Picnic on the Fair Grounds, Tuesday, was very largely attended. The procession of wagons and equestrians formed around the Court House Square, and marched to the Grounds, preceded by the Troy Band. The Grangers and their ladies were in regalls, and the different Granges and Clubs carried banners, with appropriate mottoes, emblems and devices. As we could not go to the Fair Grounds, we cannot describe the proceedings there, further than that we learn they enjoyed themselves highly.

Hon. S. A. Cobb, when in tewn, on Tuesday, paid a visit to the office of the great literary, religious, and news paper, the Chief, and expressed himself in favor of g the law allowing newspaper exchanges to go through the mails free, and also papers to subscribers in the Counties where published. Centaur Liniment.

There is no pain which the Centaur Liniment will no elieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone, its effects are marveloos. It has produced more cures of rheumatism, neuralgia, lock-jaw, palsy, apraina, swellinga, caked-breasts, scalds, burns, selt-rheum, ear-ache, &c., upon the human frame, and of strains, spavin, galls, &c., upon animals in one year than have all other pretended remedies since the world began. It is a counter-irritant, an all-healling pain reliever. Cripples throw away their crutches; the lame walk, poisonous bites are rendered harmless and the woun ded are healed without a scar. It is no humbug. The receipt is published around each buttle. It is selling as no article ever before sold, and it wells because it does just what it pretends to do. Three who now saffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1800 certificates of remarkable cures, incinding fregen limbs, chronic-rheums tiem, goot, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis, to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for spavined or aweenied horses and mules, or for screw. worm in sheep. Stock owners-this liniment is worth your attention. No family should be without Centaur Liniment. J. B. Rosz & Co., New York.

Castoria is more than a substitute for Castor Oil. It is the only sufe article in existence which is certain to assimilate the food, regulate the bowels, cure wind-colle and produce natural sleep. It contains neither minerals, morphine or alcohol, and is pleasant to take. Children need not cry and mothers may rest.

Aftims for Pearen.—A legal gentleman who is attending Court, sleeps in a double bedded room at one of the hotels. One night receifly, a couple of gentlemen, venera-ble of years, and of acknowledged pasty, being in town on business, engaged the spare bed in the room. The le-gal gentleman was in bet first, and was just actiling himself into a doze, when he was aroused by the others stum self into a deter, when he was aroused by the others stam-bling into the room. He seem perceived that they had aboard a little more of the stimulus than is good for the stomach's sake, especially the more patriarchal of the two, who was decidedly boory. The younger was quick-ly undressed and in bed, and by the time his aged friend was ready, was fast falling into the arms of Morpheus "Brother S." remarked the patriarch, "for airty years, I have made it an invariable rule never to close my eyes in sleep until I have commended myself to the cure and protection of Providence." "Yes-all right," said the other, with a sleepy mumble. "Brother S, this will not do," persisted the patriarch, pulling vigorously at his compan-. "You must join me in prayer. Come, wake up, and iress the Throne of Grace first, and I will follow." "Brother S.," being thus cornered, delivered himself of a fervent prayer, when the patriarch followed with one of great warmth; then both getting into bed, they were soon mingling their mellifluous snores as harmoniously as they had their prayers.

"PHANTASHAGORIA."-This was what the concern was called, that was exhibited at the Methodist Church, last Friday night, by J. S. Sullivan and Company. It was a sort of magic-lantern affair, consisting of Scriptural and Astronomical illustrations. The paintings were good enough; but the vocal part—oh, my! The explanations were fearful. The Phantasmagorist was evidently from the goodly land of Grand River, and was accompanied by a gawk of a boy, who assisted him. They opened with a song, "Tommy, don't go," the execution of which has doubtless desiroyed the frog crop for next season. Then followed a long statement of the difficulty be had in obtaining the church to show in. But finally be announced that the time had "arriven" to commence the exhibition, and proceeded to point out and explain to the audience the wonderful objects that might be "seed." He probably took in enough money to pay for his lights—for Tommy

RAILROAD DECISION .-- The case of the State of Kansas on the relation of S. F. Nisbet, sa. the St. Joseph and Denver City Railroad Company, which was tried one year ago, but on which the Court reserved sta decision, was decided this week. The case was substantially this: The Bail road Company, in order to secure the right of way through the lands of Joel Ryan, obligated itself to make a station on the premises, and not to make a station or build a delaid out, and became the main business point in that part of the County. The people of Severance brought suit to compel the erection of a depot there, it being required by the public interest. The Court has just awarded a per emptory writ of mandamos to compel the erection of a de pot at Severance by the Railroad Company forthwith.

he COLOR, and increases the Vigor and BEAUTY of the HAIR.

Over Tenery There and Lyon's Karmanon for the Hair was first placed in the market by Professor E. Thomas Lyon, a graduate of Princeton College. The name is derived from the Greek, "Karmo," signifying to cleane, purify, rejuncant, or restors. The favor it has received, and the popularity it has obtained, is unprecodented and incredible. It increases the Growth and Barry of the Hair. It is a delightful dressing. It erschoates Dandruff. It prevents the Hair from turning gray. It keeps the head cool, and gives the hair a rich, soft, glossy appearance. It is the saxe in Quartry and Quality as it was over a Quartra of a Consume Aco, and insubth yail Dreguiste and Country Stores at only Fifty Cents per Bottle.
